**Mr. Man, What Do You Know About Rugs?**

There are rugs and rugs! Some look very well at first, but a year or so of wear shows them up. Others keep their freshness and beauty for many years. For example,

WHITTALL Rugs Will Wear a Lifetime,

and look well so long as they last! The wools for Whittall Rugs come from the "fat tailed" sheep of Asia Minor; the dyes are absolutely fast color; the weaves are firm and close. You can feel with your hand the fine qualities of a Whittall Rug!

WHITTALL Rugs Are Always Artistic

Experts in design and coloring create the patterns or adapt them from costly orientals. The Whittall design you select to-day will not tire to-morrow.

Whittall's are justly famed. A rug for every purpose. No other line is so varied.

Consult our Rug Department for special sizes—it will surprise you how we can provide a rug for a room you thought was about hopeless. We are at your service. Come in or call on us any time.

The Smith & Cumings Co.**"Everywoman."**

By far the most interesting production of recent years, the dramatic spectacle "Everywoman," with which the public has become familiar through New York press despatches and magazine articles, will be disclosed at the opera house Tuesday, Sept. 19, when Henry W. Savage will offer his splendid performance of the epoch-making play. The success achieved by the piece in London at the Drury Lane theatre establishes the fact that "Everywoman" has as strong an appeal in foreign lands as it has had in America. Mr. Savage's name as sponsor of a dramatic or musical attraction is an absolute guarantee of its worth.

The play defies the ordinary classification of the theatre. It is not, strictly speaking, opera, musical comedy or drama, while partaking of many of the attractive features of all of them. The music, which is symphonic in character, is interpreted by a special symphony orchestra carried by the company. It was composed by George Whitefield Chadwick, dean of the New England Conservatory of Music, Boston. Dr. Chadwick is the composer of several famous symphonies performed annually by the Boston Symphony orchestra as well as by all the other great orchestras of the world. Nearly 100 people are employed in the production, which is undoubtedly the largest musical and dramatic organization ever toured—adv.
